THE LATEST IN LIGHTING: INNOVATIVE IDEAS TO SPARK HIGHER SALES

So what's new? Plenty. We at LEDVANCE have created numerous new products so that once again we can exceed your expectations in terms of what innovative lighting can do.

You can look forward, for example, to a much larger portfolio of indoor and outdoor luminaires, all of which comply with the growing demands for sustainability. They are available with and without SMART⁺ functions and combine decorative styling with first-class safety and reliability.

Among the new products are our aesthetic decor luminaires with and without SMART⁺ functionality for adding trendy decorative highlights.

In response to the increasingly popular loft style, we offer highly modular Track-light systems in white or black. Just as trendy are the smart entertainment lighting products for the perfect interplay between light and sound. With these two segments you'll be speaking directly to a new young target group.

But our portfolio also includes new low-cost luminaires to cater for cost-conscious consumers.

And last but not least, we have expanded the SUN@HOME range with ceiling and pendant luminaires for the dining room and bathroom.

So what are you waiting for? Discover the latest LEDVANCE luminaire portfolio, sales-boosting marketing concepts and a whole host of new ideas for your lighting business.

WHY LEDVANCE? BECAUSE WE ARE ADVANCING LIGHT

LEDVANCE is one of the world's leading companies in the lighting industry. We want to build on our position – and further develop the lighting market together with our customers.

As technology trend experts, we are leading the way in meeting the rapidly changing demands for high-quality and long-lasting light. And as a strong local partner, we are proactive in our support for you in impressing your customers with innovative lighting ideas.

We help you to boost your lighting sales with attractive, user-friendly and intelligent lighting solutions. Let's go forward together and shape the future of light – with agility, courage, speed and flexibility.

LEDVANCE MAKES THE DIFFERENCE

COOPERATIVE

With a large, global sales team and more than 100 years of experience we are always by your side as a committed and cooperative partner.

TRENDSETTING

Through regular market research we know at an early stage what interests customers – and where lighting trends are heading. A good example is our large selection of indoor and outdoor luminaires with sophisticated features for even greater lighting comfort.

COMPREHENSIVE

Modern, smart, decorative, functional, robust and practical – our extensive portfolio meets customer requirements in all categories and virtually every area of application.

UNIQUE

Fresh, dynamic, high-quality and unmistakable – the LEDVANCE brand and its powerful image stand out clearly from the competition and create feelings of affection and trust.

SALES-BOOSTING

Attract attention, encourage purchases. We offer targeted support for your sales with creative, pre-tested marketing concepts.

STRONG STARTING POSITION

INNOVATION FROM TRADITION

We stand for progress and the desire to actively shape the future of light. We combine this courage to tread new paths with our experience from more than 100 years of lighting expertise.

SUCCESSFUL SALES FROM A SINGLE SOURCE

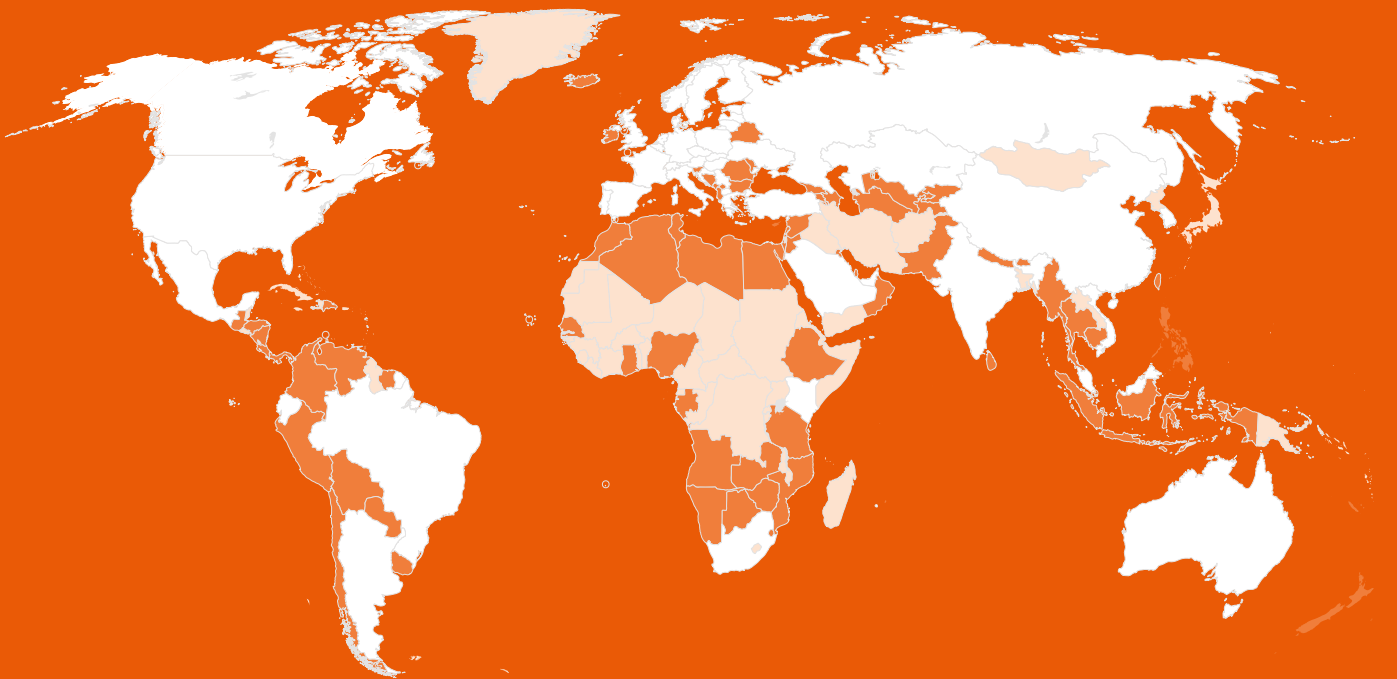

LEDVANCE offers you everything from a single source – LED luminaires, lamps and Smart Home products. In all these areas we are setting new trends with innovative, market-driven products.

FIRST-CHOICE PARTNER

With our extensive portfolio, powerful sales network and outstanding global access to markets we are the ideal strategic partner for your requirements.

LET THERE BE LIGHT!

Never before have innovative LED technology and digitalization opened up more opportunities for you. The range of ultra-modern lighting solutions is more diverse than it has ever been.

This means that you have an unprecedented choice of luminaires, lamps, smart connected lighting and new lighting ideas that will meet the needs of every type of customer. Here's a taste of what you can expect.

HIGHLIGHT

► SUN@HOME

NATURAL LIGHT FOR MORE VITALITY

We spend around 90 % of the day indoors without the health-giving properties of daylight. So we lack energy and don't sleep very well. SUN@HOME SunLike LEDs bring natural light into the home – boosting energy levels and well-being. The range of lamps and luminaires is constantly being expanded. More on p. 10

▶ SMART⁺

With SMART⁺ you can offer your customers numerous ways to bathe their homes in intelligent connected light: by remote control, an app or voice control. And with a much greater selection of luminaires, lamps and accessories to meet the most diverse customer requirements. More on p. 12.

▶ LUMINAIRES

LEDVANCE offers you an extensive product range that is being continually expanded. In top quality, in many attractive designs, for indoors and outdoors, and with guarantees of up to 10 years.

▶ LIGHTING ACCESSORIES

Wireless control of compatible SMART⁺ WiFi products via remote control, without voice control or app, including preset scenes. Compact standalone sensors for walls and ceilings with high potential energy savings, e.g. for indoor areas, stairwells, cellars and toilets.

▶ LAMPS

LEDVANCE is your No. 1 partner for all lamps for general lighting purposes. Our comprehensive OSRAM branded portfolio covers all customer requirements.

All LED lamps come in environmentally friendly, plastic-free boxes.

▶ INDOOR GARDEN GROW ILLUMINATION

Plant lights and cultivation systems in different versions for kitchens and living rooms. The specially developed LED spectrum boosts photosynthesis in most plants and the automatic timer simulates the day/night cycle.

SUN@HOME: BRING SUNLIGHT INTO YOUR HOME

We spend about 90 % of the day indoors and without the health-giving properties of daylight. So we don't sleep well and feel low.

SUN@HOME with SunLike LEDs, on the other hand, has the same effect as natural sunlight and can help improve the physical wellbeing of your customers. Peaceful sleep and a better mood mean they'll have more energy and be able to concentrate better. Its effectiveness has been scientifically proven in various studies.*

SUN@HOME IS INVIGORATING:
MORE ENERGY

SUN@HOME MAKES YOU PRODUCTIVE:
BETTER CONCENTRATION

SUN@HOME HELPS YOU RECOVER:
BETTER SLEEP

*A study on the perception of full spectrum LEDs; Fraunhofer Institute for Building Physics IBP, March 2020; Harvard University Medical School, U.S. Daytime Exposure to Short Wavelength-Enriched Light Improves Cognitive Performance in Sleep-Restricted College-Aged Adults, 2021.

PERFECT FOR CONCENTRATION AND PERFORMANCE:

Optimized color rendering* close to that of natural daylight thanks to SUN@HOME with SunLike LEDs: For vibrant natural colors with a color rendering index (CRI) >95.

*Compared to conventional LEDs

PERFECT FOR WELLBEING AND COMFORT:

Reduced blue component* for better visual comfort and physical wellbeing thanks to SUN@HOME with SunLike LEDs – close to natural light.

SunLike

© Toshiba Materials

IN HARMONY WITH NATURAL BIORHYTHMS:

The innovative SunLike full-spectrum LEDs in SUN@HOME products offer a wider range of colors than conventional LEDs – from cozy fireside light to stimulating daylight (2200 – 5000 Kelvin).

SunLike

2500K in the morning:
Warm light for a relaxing start to the day

5000K during the day:
Cool white light for full concentration and effective work

2200K in the evening:
Warm fireside atmosphere with low blue component to encourage better sleep

EASY INSTALLATION AND CONTROL

LEDVANCE
SMART+ APP

NATURAL LIGHT:**
Easy app control: SUN@HOME products offer automatic or individual adjustments that are perfectly matched to the natural course of daylight, such as changes in light colors.

*Compared to conventional LEDs | **Can also be connected and controlled with Google Nest Hub and Google Nest Mini, other nest speakers or other compatible smart speakers such as Amazon Alexa.

SMART+: THIS IS WHAT ULTRA-MODERN LIGHT LOOKS LIKE TODAY

Your customers' needs are as diverse as your customers themselves. They just want to control their lights from their smartphones. Or even easier still by giving voice commands to a smart speaker. Or perhaps they want to connect their lights to a gateway for full integration in their smart home system. That's why we offer three product lines that can be controlled in four different ways using different technologies.

SMART READY

Most of our SMART+ luminaires have a Smart Ready function which means they can be switched on and off as usual from a light switch. They can also be controlled by an app, voice command or remote control (WiFi).

1 CONTROL BY LIGHT SWITCH

— On/off

WORKS WITH:

WIFI

BENEFITS:

All of our smart luminaires can also be switched on or off in the classic way using a light switch. Automatic pairing time 3 minutes.

2 CONTROL VIA SMARTPHONE

Free LEDVANCE SMART+ App

WORKS WITH:

WIFI

Bluetooth
MESH

zigbee

BENEFITS:

The easiest way: Just use the free LEDVANCE SMART+ app for our WiFi or Bluetooth range or a partner app for our Zigbee products – and enjoy the numerous possibilities of smart light control.

SMART+ CAN DO ALL OF THIS*:

On/Off function

Dimming function

From warm white to cool white

Light color function

* Depending on product model

3 CONTROL BY VOICE COMMAND

WORKS WITH:

BENEFITS:

For anyone who wants to control their lights by voice, all LEDVANCE SMART+ product lines work with compatible smart speakers such as Google Nest or Amazon Echo. Zigbee compatibility will depend on the partner system.

4 CONTROL BY REMOTE CONTROL

WORKS WITH:

BENEFITS:

For guests or simply because it's convenient: Wireless control of SMART+ WiFi products by remote control.

SMART+ HIGHLIGHTS INDOOR – SEE ROOMS IN A NEW LIGHT

Here's the latest news: LEDVANCE has added lots of new products to its SMART+ portfolio of indoor luminaires. There is now more choice in existing product families, and completely new ranges have been created.

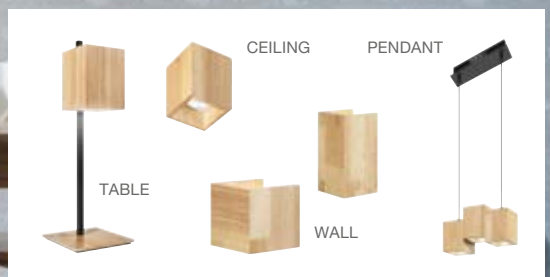

FAMILIAR PRODUCT RANGES GREATLY EXPANDED

The popular SMART+ WIFI DECOR TWIST is now available as pendant and table versions – a two-tone aesthetic highlight with a metal housing coated inside. And the SMART+ WIFI DECOR SWAN family made of real ceramic is now also available as a ceiling luminaire.

MORE SMART+ WIFI DECOR WOOD LUMINAIRE

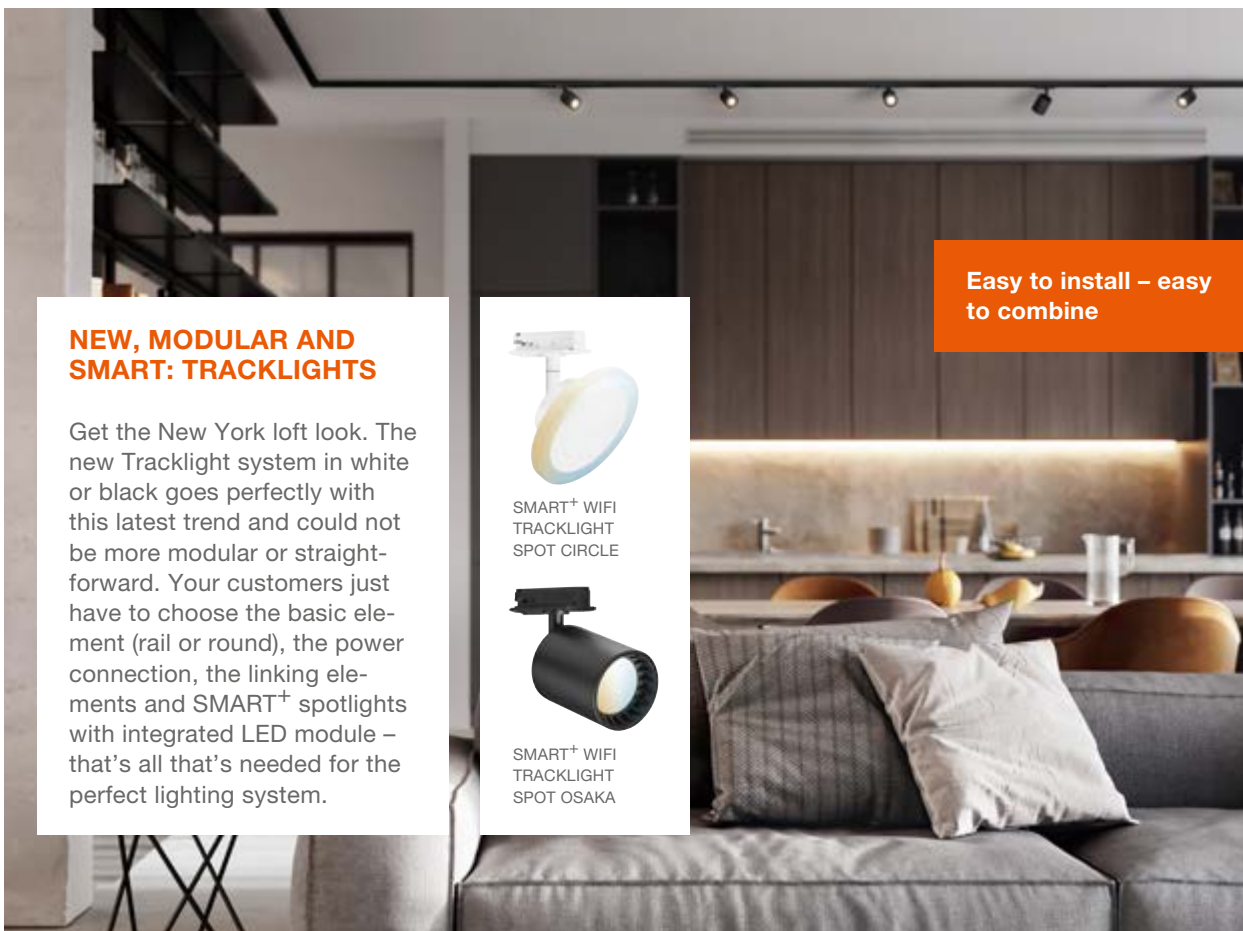

Wood is and will remain one of the most important trends in interior design, in keeping with the growing awareness of sustainability issues. The DECOR WOOD wall lights have now been joined by pendant, ceiling and table versions, all of which are made from FSC-certified wood.

SMART SUPER-SHALLOW CEILING LIGHTS

Consumers who like things smart, sleek and simple will be impressed by these new low-profile panel lights. With a wide variety of options, such as square or round, backlit or sparkle effect, or a backlit cutout, there is something for everyone.

NEW, MODULAR AND SMART: TRACKLIGHTS

Get the New York loft look. The new Tracklight system in white or black goes perfectly with this latest trend and could not be more modular or straightforward. Your customers just have to choose the basic element (rail or round), the power connection, the linking elements and SMART+ spotlights with integrated LED module – that’s all that’s needed for the perfect lighting system.

SMART+ WIFI TRACKLIGHT SPOT CIRCLE

SMART+ WIFI TRACKLIGHT SPOT OSAKA

Easy to install – easy to combine

NEW SMART+ HIGHLIGHTS FOR OPTIMUM IMPACT OUTDOORS

LEDVANCE has also unveiled numerous new SMART+ products for outdoors. Each and every one of them is both functional and decorative, making an excellent first impression on visitors. A splendid combination of utmost convenience, control from anywhere and a huge choice of lighting scenarios and automated sequences.

SMART SOLAR LIGHTS FOR ANY SITUATION

Smart outdoor lights with solar functionality and really good output. Every possible need is covered – wall and path lights, mobile lights and lanterns, and small spotlights for borders and flowerbeds.

SMART+ BLUETOOTH TABLEFRAME SOLAR and SMART+ BLUETOOTH SOLAR ALPS

SMART+ BLUETOOTH GARDEN SOLAR

SMART+ BLUETOOTH SOLAR PATH

LARGE, MOBILE FLOOR LIGHT

This large elegant floor light for terrace or garden has been added to the TABLEFRAME range. Colorful light with smart control options, rechargeable via USB for mobile use (cable included, fully charged in 6 hours), with integrated Power-bank function.

THE SMART WAY TO PARTY

Chain of colored lights with 12 lamps, each of which can be controlled individually. Cable length 7.3 m, IP44, warm white light or colored light with dimming function.

SETTING THE TONE: SMART ENTERTAINMENT FLOOR LUMINAIRES

More and more people are getting excited about the interplay between light and sound. All the new floor luminaires in this segment react to sound from TV programs, music or video games, pulsing out light at the appropriate rhythm, all controlled from an app or, away from a network, via a remote control. Either RGB or Tunable White switching between cold and warm white light: An instant hit!

SMART+ WIFI MOOD LIGHT BAR

This set of two floor lights can be positioned vertically or horizontally to provide a light show to the rhythm of the music. They are also ideal as ambient lighting behind a TV.

SMART+ WIFI FLOOR CORNER SLIM

As the name suggests, this particularly slender floor light looks great in corners. Its matt aluminum body, acrylic diffuser and iron base ensure it's rock steady at all times.

SMART+ WIFI FLOOR ROUND

The broad iron base of this floor light offers perfect stability. The matt aluminum body and acrylic diffuser make it a rhythmic eye-catcher.

SMART+ WIFI FLOOR CORNER

The same matt aluminum body and acrylic diffuser mounted on two legs provide perfectly synchronized light and sound in corners.

DECORATIVE SECURITY: SMART OUTDOOR CAMERA LIGHTS

When it comes to security, there is nothing more obvious than putting a camera in intelligent lights around the house. That's why we've added new camera wall and ceiling lights, house number lights and spotlights to our range. Apart from providing an increased sense of security, these new highly decorative camera lights are easy to install and come with numerous additional features. Lights, camera, action!

SMART+ WIFI CLOUD CAMERA

Sleek modern design made of plastic with integrated lighting, max. range 8 m.

SMART+ WIFI ENTRANCE CAMERA

Light with house number option; intercom function, sensor detection at an angle of 90° and maximum detection range of 12 m.

SMART+ WIFI MULTISPOT CAMERA

Features two swivel heads, intercom function, sensor detection at an angle of 90° and maximum detection range of 12 m.

SMART+ WIFI CIRCLE CAMERA CONTROL

Can be used as wall or ceiling light, camera movement can be controlled via an app, intercom function and sensor angle of 150° within a maximum range of 10 m.

SMART+ WIFI GLOBE CAMERA TRACE

This luminaire with a replaceable E27 lamp contributes to sustainability and the circular economy. Features an intercom function, rotating camera with track & trace functionality and a sensor angle of 180° within a maximum range of 8 m.

TIMELESS YET MODERN: CONVENTIONAL INDOOR LUMINAIRES

TRACKLIGHTS WITH CONVENTIONAL LED LAMPS

TRACKLIGHT SPOT MINI CYLINDER GU10

Compact, fully adjustable metal spotlight for GU10 lamps, white or black.

TRACKLIGHT SPOT CYLINDER GU10

Adjustable spotlight for GU10 lamp, slim metal design, length: 130 mm, white or black.

TRACKLIGHT SPOT CYLINDER GOLD GU10

Elegant spotlight in modern color combination, white or black with gold, 100 mm long.

DECOR FAMILY OF BATHROOM LIGHTS

DECOR SQUARE IP44

This new family of luminaires includes ceiling and wall lights made of metal and glass, all for G9 lamps.

ESSENTIAL SAVINGS: LOW-PRICED ENTRY-LEVEL PRODUCTS

DAMP-PROOF ESSENTIAL

Functional IP65 luminaire made of plastic, including one or two LED tubes.

PANEL-ESSENTIAL

Low-cost panel luminaire made of plastic for flush mounting; frame option for surface mounting.

CEILING ESSENTIAL

Round ceiling luminaire made of plastic, available in different sizes and light colors.

EVERLASTING STANDARDS: OUTDOOR HIGHLIGHTS

FLOODLIGHT ESSENTIAL:

Low-cost floodlight with frosted glass cover and aluminum housing, IP65. Available with or without built-in motion sensor.

OUTDOOR SOLAR LUMINAIRES

Wall-mounted solar products that operate independently of a power supply, featuring automatic ON/OFF, day/night sensor, PIR motion sensor, detection range 7 m, detection angle 100°, sensitivity ≤ 100 lux.

SOLAR FLOODLIGHT

Cableless solar floodlight with motion sensor. Luminous flux of up to 1 200 lumen. Different operating modes can be set using an infrared remote control.

ENDURA® GARDEN SOLAR GLOW

Aluminum body with opal plastic diffuser.

ENDURA® GARDEN SOLAR OVAL

Oval aluminum housing in two sizes, clear glass diffuser, 340 mm version available in two light colors.

ENDURA® GARDEN SOLAR TOSSA

Round aluminum housing with plastic diffuser.

Choice of three modes:

- A:** ON: 260 lumen
- B:** ON: Constant light at 100 lumen; 400 lumen for 15 seconds when movement is detected
- C:** 520 lumen for 15 seconds when movement is detected (30 times for 6 hours of charging)

ENDURA® GARDEN SOLAR LUNAR

Solar luminaire with adjustable head to make optimum use of sunlight.

SLR/ELR: GET READY FOR CLIMATE- FRIENDLY LIGHT

The EU is now gradually implementing the provisions of the EU regulations on ecodesign (Single Lighting Regulation, SLR) and energy labeling (Energy Labeling Regulation, ELR).

The focus is on further encouraging the use of climate-friendly lighting products, clear consumer information and strengthening the circular economy. One thing that is especially important for your lighting business is the new distinction between “light sources” and “containing products”.

LEDVANCE LUMINAIRES: NORMALLY “CONTAINING PRODUCTS”

New: a distinction between “light sources” and “containing products”.

LIGHT SOURCES

are electrically operated products that emit white light*. These include all traditional and LED lamps for general lighting – but also fully integrated luminaires from which the light sources cannot be removed using commonly available tools without permanent damage. The new EU SLR/ELR regulations apply only to light sources.

CONTAINING PRODUCTS

include luminaires and other equipment that allow the light source to be removed using commonly available tools without permanent damage. Most luminaires have therefore been exempt from the labeling regulations since December 25, 2019.

NO ENERGY LABEL NEEDED FOR LEDVANCE LUMINAIRES

Good to know: Almost all LEDVANCE luminaires are classified as “containing products”. This means that they do not have to be marked with an energy label.

* A large number of signaling and control lamps as well as very powerful lighting products (e.g. for outdoor, sports, theater or industrial lighting) are excluded from the EU regulations.

IMPORTANT FOR YOUR LAMP BUSINESS: THE NEW EU ENERGY LABEL

Unlike the “containing products”, the “light sources” within the meaning of the EU regulations have to be provided with a new energy label. The main innovations:

- The new energy efficiency scale from A to G (instead of A++ to E as before). It is calculated on a new basis.
- The QR code for additional product information stored in the EPREL product database

BE ON THE SAFE SIDE WITH LEDVANCE

LEDVANCE ensures that all its products and packaging comply with current EU regulations at all times. What you can rely on:

- Early energy-efficient LED replacement for all affected light sources

- Reliable fulfillment of all obligations regarding labeling and product information

- Support with clear and comprehensive information – so that you can be compliant, both technically and legally

Further information: www.ledvance.com/professional/services/eu-regulations

OUR PACKAGING: DESIGNED TO ATTRACT

Premium luminaires – packaged to a high standard. Our packaging concept not only presents and protects the products but also provides your customers with all the information they need to make their purchasing decisions.

All LEDVANCE packaging is characterized by:

- a high-quality and desirable appearance
- a precise differentiation within the full LEDVANCE range
- clear and easy-to-understand consumer information (e.g. through icons and badges)
- EU-compliant labeling

SMART+ LUMINAIRES INDOOR AND OUTDOOR

The contents will impress customers, but the packaging has to do it first. Our SMART+ indoor and outdoor luminaires come in new packaging colors to create an elegant and modern look. Brightly mottled gray packaging is used for indoor luminaires, and dark mottled packaging for outdoor luminaires.

SMART READY

NEW: Pictogram indicates the control options, e.g. light switch, LEDVANCE app, Amazon or Google Home

SUN@HOME LUMINAIRES

The colors and application photos clearly show what it's all about: providing innovative feel-good light for a better quality of life.

DECOR BY LEDVANCE

Decorative products with and without SMART+ functionality have a special icon: DECOR BY LEDVANCE on a background of finely mottled medium gray.

SMART+ BATHROOM LUMINAIRES

The water droplets show the application at a glance.

FUNCTIONAL LUMINAIRES

Instantly see what's inside thanks to semi-transparent packaging.

OUTDOOR LUMINAIRES

The background: black as night. The products: brilliant as bright daylight.

INDOOR LUMINAIRES

Clear, precise design – and all the information your customers need.

MOBILE LUMINAIRES

The products are easy to identify by the blister packaging. The photos in the background show the applications and advantages.

PLANT CENTRIC LIGHTING

Clear, fresh and green: the packaging of our new INDOOR GARDEN GROW ILLUMINATION range.

OUR DISPLAYS: LIGHT THAT SELLS

Space-saving, attractive, informative – and tailored to your needs. Most of our displays are made of wood for high-value product presentation. Display sizes vary from 1/8 to 1/1 pallets.

HIGHLIGHT DISPLAYS:

- High-quality wooden 1/4, 1/2 or 1/1 pallet displays
- Eye-catching and fast-selling
- In distinctive LEDVANCE orange
- Flexible stocking
- Most with powered samples

ITSELF

FLOOR DISPLAYS:

- 1/4 and 1/8 pallet floor displays made from sturdy cardboard
- Ideal wherever space is limited
- High-quality appearance

ATTRACTIVE SHELF PLACEMENTS ALL IN PERFECT ORDER

Packed with sales incentives. Our shelving for indoor wall and ceiling luminaires, outdoor luminaires and bathroom lights guarantee maximum productivity.

The redesigned SUN@HOME shelf grabs the attention and is perfectly tailored to the needs of the target groups. The eye-catching design communicates the effects and benefits of SUN@HOME clearly and concisely.

LIVING: ORDER

IT'S ALL IN THE M SHINING EXAMPLES

The new luminaire shelves are just as attractive and clearly differentiated. They feature appealing designs and numerous working examples along with important information for your customers.

NEW: TRACKLIGHT shelf smart and non-smart. With helpful diagrams and information explaining how the Tracklight systems can be assembled

NEW: Outdoor Solar smart and non-smart with a central image as an eye-catcher plus information on the individual luminaires on the back panel

WWW.LEDVANCE.COM/ CONSUMER INFO & INSPIRATIONAL IDEAS

Modern, comprehensive, user-friendly, service-oriented – our consumer website answers your customers' questions about lighting, supports them with valuable tips and shows the possibilities of modern LED lighting using attractive application examples. That way, we make sure that your customers already know a lot and are truly inspired when they arrive at your PoS.

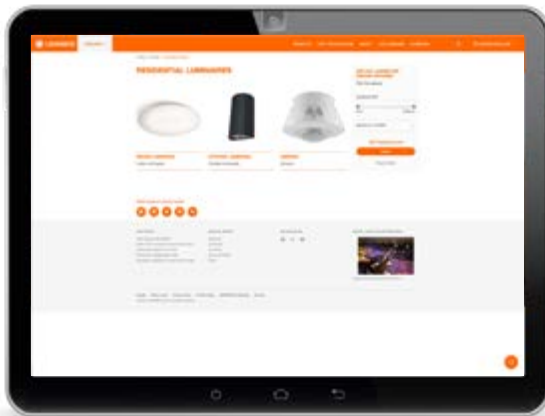

Customer-friendly design with an overview of all the current topics on the first page. The clear menu layout makes finding areas of interest quick and easy.

What can smart light offer me? How can I control it? Which technology is right for me? Many people still have a lot of questions about smart lighting. Our new SMART+ web pages answer them all – and guide customers from possible applications and control options (via app or voice) all the way to the right products. Clear, simple, understandable, with many sample applications and descriptions of the latest highlight products.
www.ledvance.com/consumer/smart

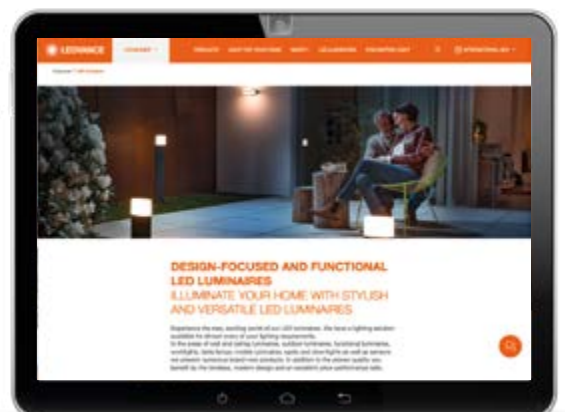

In the “Products” menu your customers will find everything they need to know about the LEDVANCE portfolio in compact form – including product-specific benefits and technical specifications.

Every area of a home has specific lighting requirements – direct or indirect, invigorating or relaxing, warm white, cold white or colored. In the “Light For Your Home” section of our website we provide your customers with practical tips on how to choose the right lighting – and, of course, recommend appropriate products.

In the “LED luminaires” section your customers will find an overview of the extensive range, the variety of our luminaire designs, the most important product features, informative application photos and high-quality product and packaging illustrations.

SOCIAL MEDIA: EVERY CLICK A CONTACT

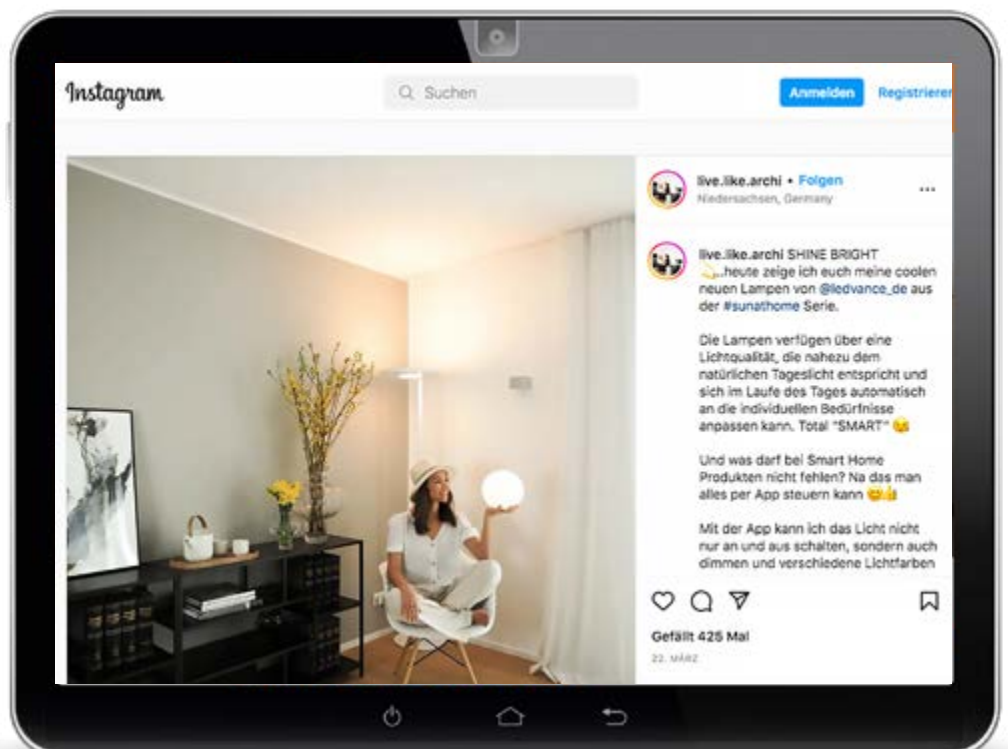

LEDVANCE uses the social media channels – especially Facebook and Instagram – to encourage consumers to think about interior design and the smart home.

Postings on these channels provide design tips and show the easiest ways to install and control SMART⁺ products. In addition to content that is intended primarily to inspire, LEDVANCE tackles current topics using real-time marketing motifs, thereby reaching the target group with humor and always with maximum impact.

The result is high-level resonance in the form of consumer reach and interactions in the high 7-digit range each year. In addition to the current topics in the course of the year, topic-related social media campaigns that do not have a wide reach are also placed with correspondingly high frequency.

Videos and reels are the ideal format for presenting new products and highlights in the best possible way. The company produces its own regular content and also tests new formats in-house to increase flexibility.

LEDVANCE influencer campaigns relating to smart homes and smart living reach up to 10 million people over the year. Influencers are ideal for using their authentic domestic environments to present smart products for the various areas of application to the relevant target groups. In the case of SUN@HOME, the focus is on health, wellbeing and working from home. For SMART⁺ the subject of SMART⁺ Outdoor luminaires is particularly relevant in the spring and summer months. And from October to February, the focus is on SMART⁺ Indoor.

Here too, stories and reels in video format play a key role – but also still images that serve as user-generated content for other channels, thereby making product presentations dynamic and authentic. Collaboration with up to 30 influencers each year creates a loyal and forward-looking community which serves as a collection of brand ambassadors representing LEDVANCE on the online channels.

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class	Information Table
A	A
B	B
C	C
D	D
E	E
F	F
G	G

¹ The exact terms and conditions can be found at www.ledvance.com/consumer/services/guarantee | ² Average lifetime in hours | ³ Total luminous flux of the luminaire taking into account the diffuser/fuser | ⁴ Energy efficiency grade of the permanently integrated, non-exchangeable LED modules. Energy efficiency index (EEI) on a scale of A (highest efficiency) to G (lowest efficiency)

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class	Product packaging	Information Table
A		A
B		B
C		C
D		D
E		E
F		F
G		G

¹ The exact terms and conditions can be found at www.ledvance.com/consumer/services/guarantee | ² Average lifetime in hours | ³ Total luminous flux of the luminaire taking into account the diffuser | ⁴ Total luminous flux of the contained light sources without the diffuser | ⁵ Energy efficiency grade of the permanently integrated, non-exchangeable LED modules. Energy efficiency index (EEI) on a scale of A (highest efficiency) to G (lowest efficiency).

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class Product packaging **Information Table**

	→	A
	→	B
	→	C
	→	D
	→	E
	→	F
	→	G

¹ The exact terms and conditions can be found at www.ledvance.com/consumer/services/guarantee | ² Average lifetime in hours | ³ Total luminous flux of the luminaire taking into account the diffuser | ⁴ Total luminous flux of the contained light sources without the diffuser | ⁵ Energy efficiency grade of the permanently integrated, non-exchangeable LED modules. Energy efficiency index (EEI) on a scale of A (highest efficiency) to G (lowest efficiency)

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class	Information Table
	A
	B
	C
	D
	E
	F
	G

¹ The exact terms and conditions can be found at www.ledvance.com/consumer/services/guarantee | ² Average lifetime in hours | ³ Total luminous flux of the luminaire taking into account the diffuser | ⁴ Total luminous flux of the contained light sources without the diffuser | ⁵ Energy efficiency grade of the permanently integrated, non-exchangeable LED modules. Energy efficiency index (EEI) on a scale of A (highest efficiency) to G (lowest efficiency).

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class	Product packaging	Information Table
A		A
B		B
C		C
D		D
E		E
F		F
G		G

¹ The exact terms and conditions can be found at www.ledvance.com/consumer/services/guarantee | ² Average lifetime in hours | ³ Total luminous flux of the luminaire taking into account the diffuser | ⁴ Total luminous flux of the contained light sources without the diffuser | ⁵ Energy efficiency grade of the permanently integrated, non-exchangeable LED modules. Energy efficiency index (EEI) on a scale of A (highest efficiency) to G (lowest efficiency).

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class	Information Table

HOW TO READ OUR PRODUCT TABLES

The new lighting regulation states that the new EU label indicating the energy efficiency class must be clearly visible on every product packaging. To make our product tables clearer and easier to read, the energy efficiency class isn't specified by a colored arrow but a letter. See on the right.

Energy efficiency class	Information Table
A	A
B	B
C	C
D	D
E	E
F	F
G	G

¹ The exact terms and conditions can be found at www.ledvance.com/consumer/services/guarantee | ² Average lifetime in hours | ³ Total luminous flux of the luminaire taking into account the diffuser | ⁴ Total luminous flux of the contained light sources without the diffuser | ⁵ Energy efficiency grade of the permanently integrated, non-exchangeable LED modules. Energy efficiency index (EEI) on a scale of A (highest efficiency) to G (lowest efficiency).
