VALUE CLASS

VERSATILY AT ITS BEST EFFICIENT, FLEXIBLE AND DURABLE FOR INDOOR AND OUTDOOR APPLICATIONS

LEDVANCE BULKHEAD RC offers unique flexibility thanks to Multi Select: the colour temperature (Multi Colour – MC) is adjustable to 3000 K and 4000 K. In addition, the power is selectable (Multi Lumen – ML) on the driver, making the luminous flux adjustable in 3 steps, from 500 to a maximum of 840 lumens. With a high IP65 rating, this product is perfect for use in dusty and damp areas, while its high IK10 rating ensures that it can withstand vandalism and rough handling. This makes it ideal for installation in public areas such as porches, hallways, stairwells, passageways and underpasses. The housing (white or black) and cover are made of UV-resistant PC. The fixture is designed for easy installation with multiple mounting patterns and plug-in terminals for tool-free connection.

- + **ROBUST:** IP65 and IK10 for optimized protection
- + **MULTI SELECT:** Adjustable luminous flux and colour temperature
- + **VERSATILE:** Available in On/Off, Sensor, Emergency, and Sensor / Emergency versions
- + **HIGH QUALITY:** ENEC certification, 5-year warranty

BREAKDOWN OF THE MAIN BULKHEAD RC BENEFITS

- 1 Housing made of UV resistant PC
- 2 Designed with multiple installation patterns and plug-in terminals for quick mounting (included)
- 3 Quick connector for fast mounting
- 4 Sensor versions with adjustable dip switches for daylight, burn time and detection area
- 5 Knockouts on both short sides

2 HOUSING COLOURS (BLACK OR WHITE)

MULTI SELECT: LESS COMPLEXITY, MORE FLEXIBILITY

Our Multi Lumen feature allows installers to set the desired lumen output in three steps prior to installation. Multi Colour also allows the color temperature to be adjusted to 3,000 K or 4,000 K. This reduces the complexity of product selection, as fewer product EAN's are required. These simple settings are done on the driver inside the luminaire.

BENEFITS:

- Simplified product selection
- Flexible setup before installation
- Simple operation
- Proven quality

Our MULTI SELECT luminaires offer a practical and efficient solution for lighting up your projects.
