LEDVANCE

Introducing

WIRING DEVICES

INTRODUCING
OUR LATEST EXPANSION;
LEDVANCE WIRING DEVICES

At LEDVANCE, we launched an extensive range of wiring devices, designed to redefine convenience, safety, and efficiency in electrical installations. we've dedicated ourselves to pioneering solutions that meet the evolving needs of modern infrastructure, and our latest offering is no exception.

Our product portfolio offers a comprehensive selection of wiring devices that meets UK quality standards, ensuring that our solutions are enhanced with the necessary value.

Vitalità Series features an ultra-slim design that fits flush against the wall, transcending mere decoration to become an integral part of your décor. With four color options available, it is suitable for both residential and hospitality functions.

Necessità Series features an elegant curved design, is available in three color options, and offers a range of functions to suit different verticals.

ADVANCED WIRING DEVICES:
ENGINEERED FOR PERFORMANCE AND SAFETY

What sets our wiring devices apart is their advanced design, engineered with cutting-edge technology to facilitate seamless integration and optimize performance. We prioritize safety by incorporating enhanced mechanisms that comply with industry standards. Additionally, our products are designed for ease of installation, ensuring a straightforward process without compromising durability or functionality.

High quality PC material from Byer, high heat residence, long term in sunlight without color fading
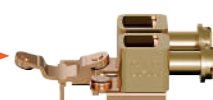

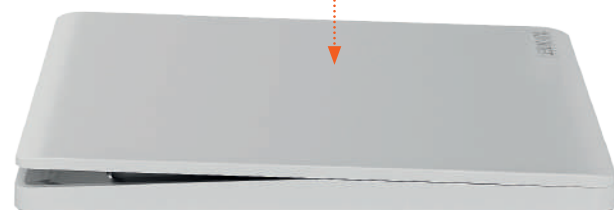

Silver nickel alloy and copper sheet in switch, brings best performance, up to capacity of 16A.

Phosphor bronze contact medium in sockets, pinnacle of perfection for electrical conductivity and elasticity

Metal support frame ensure the durable and sturdy, suitable for all kinds of walls or dry partitions, ready-to-wire terminal easy to installation
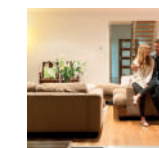

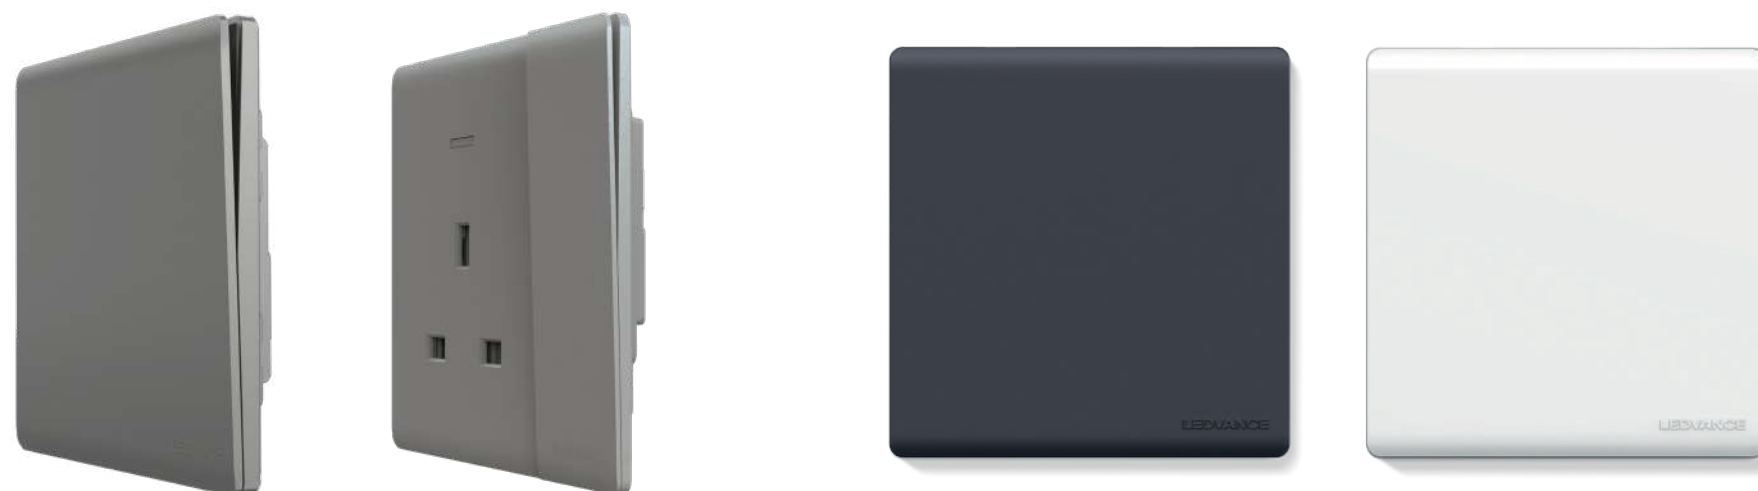

VITALITÀ SERIES
## ELEVATE YOUR ENVIRONMENT WITH OUR COLLECTION, WHERE BEAUTY MEETS RELIABILITY

Vitalità Series crafted with an ultra-slim design to blend seamlessly with your walls. Available in four exquisite color options, white, gray, black and champagne gold. They enhance the beauty of any interior space while providing reliable performance. Elevate your environment with our Decorative Series, where every detail contributes to a sophisticated and stylish ambiance.

Residential
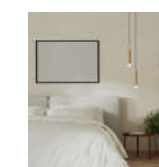

Commercial   Hospitality

Ultra slim design, fitted wall,
beyond decorative, part of
decoration 4 color options.

NECESSITÀ SERIES
## ENSURES RELIABILITY AND EFFICIENCY WITHOUT COMPROMISING ON DESIGN

Introducing Necessità Series, where classic elegance meets modern functionality. Designed with a sleek curved profile, this range not only enhances the aesthetics of any space but also offers long-lasting performance and durability. Available in three stunning colors; white, gray and black. These wiring devices blend seamlessly with various interior styles. Explore the perfect fusion of style and practicality in your installations.

GOOD LIGHT ALL ROUND
THE FULL LEDVANCE RANGE

LEDVANCE is leading the fight against bad light in every area. That's good news for you because when it comes to future-proof solutions relating to luminaires and lamps, HCL systems, electronic components, light management and smart residential products, you have a competent partner in LEDVANCE on your side for your complex lighting projects. You can always rely on LEDVANCE for excellent brand quality, professional service and a good price/performance ratio.

AESTHETICALLY FUNCTIONAL LUMINAIRES

The extensive luminaire portfolio covers virtually all professional and residential applications and delivers outstanding quality and functionality. The new BIOLUX HCL system is a winner of the VDE Quality Certificate, and the red dot 2020 Product Design and 2020 German Innovation Awards.

EACH LAMP A LIGHTING SOLUTION

The lamp portfolio includes a wide choice of shapes and base sizes as well as types with additional functions (e.g. sensors), all with outstanding efficiency and durability. Alongside UV-C and LED lamps, LEDVANCE will continue to offer conventional halogen, energy-saving, fluorescent and gas discharge lamps.

FLEXIBLE LED STRIP SYSTEM

The LED Strip System includes a large number of flexible LED strips, drivers and matching accessories. With a wide range of luminous fluxes and light colors, the system allows bespoke lighting solutions to be created for virtually any indoor or outdoor application. Easy to plan, easy to combine and easy to install – that's the principle here.

VIVARES: LIGHT MANAGEMENT, MORE COMFORTABLE THAN EVER

The future-proof IoT light management system (LMS) from LEDVANCE makes it easier and more flexible than ever to always produce optimal lighting conditions for defined requirements. The system is extremely reliable and compatible and offers all LMS components and matching LED luminaires from one source.

SMART LIGHTING FOR RESIDENTIAL APPLICATIONS

Our smart residential products offer a comprehensive combination of innovation, quality, reliability and user-friendliness. We provide a suitable solution for a variety of requirements that intelligent lighting has to meet.
