

PRODUCT DATASHEET

LES LV-PAR 100

LV BATTERY SYSTEM CABLES | Low voltage cable set for connection between two battery modules within one stack

Areas of application

- Residential installations
- Commercial applications

Product benefits

- 1 cable set provides a stable, parallel connection
- The cable lengths are precisely tailored to the requirements for easy and quick connection

Product features

- Available in two versions: PAR 100 for smaller inverters, PAR 200 for larger ones
- High power cables designed for current of up to 150 A (for PAR 100 version) or up to 200 A (for PAR 200 version)
- Dedicated parallel cables to cooperate with different configurations of products
- 1 cable set = connection between 2 battery modules
- 2 cable sets = connection between 3 battery modules
- 3 cable sets = connection between 4 battery modules

TECHNICAL DATA

Dimensions & Weight

Product weight	1000.00 g
