

# PRODUCT DATASHEET LED Star Classic Edison ST64 40 Filament 3.4W 827 Clear E27

LED Retrofit CLASSIC ST | LED lamps, classic Edison bulb shape

#### Areas of application

- Perfect for decorative installations
- Domestic applications
- General illumination
- Outdoor use in suitable outdoor luminaires only

#### Product benefits

- Lower energy consumption than incandescent or halogen lamps
- Instant 100 % light, no warm-up time
- Can be easily fitted instead of ordinary light bulbs
- Lamps with innovative LED "filament" technology

#### **Product features**

- LED lamps for line voltage
- Not dimmable
- Lifetime up to 15,000 h
- Beam angle: up to 360°
- Lamp made of glass
- Good quality of light; color rendering index  $R_a$ :  $\geq$  80; constant chromaticity

3.4W 827 Clear E27

## TECHNICAL DATA

## Electrical data

| Nominal wattage                        | 3.4 W    |
|----------------------------------------|----------|
| Construction wattage                   | 3.40 W   |
| Nominal voltage                        | 220240 V |
| Operating mode                         | AC Mains |
| Claimed equiv. conventional lamp power | 40 W     |
| Nominal current                        | 28 mA    |
| Type of current                        | AC       |
| Inrush current                         | 1.18 A   |
| Operating frequency                    | 50/60 Hz |
| Mains frequency                        | 50/60 Hz |
| Max. lamp number on MCB B10 A          | 63       |
| Max. lamp number on MCB B16 A          | 93       |
| Total harmonic distortion              | 162 %    |
| Power factor $\lambda$                 | > 0.40   |

## Photometrical data

| Luminous flux                           | 470 lm     |
|-----------------------------------------|------------|
| Luminous efficacy                       | 138 lm/W   |
| Lumen main.fact.at end of nom.life time | 0.93       |
| Light color (designation)               | Warm White |
| Color temperature                       | 2700 K     |
| Color rendering index Ra                | 80         |
| Light color                             | 827        |
| Standard deviation of color matching    | ≤6 sdcm    |
| Flickering metric (Pst LM)              | ≤1.0       |
| Stroboscope effect metric (SVM)         | ≤0.4       |

EPREL data spectral diagram PROF LEDr 2700K

# Light technical data

| Beam angle          | 300 °    |
|---------------------|----------|
| Warm-up time (60 %) | < 0.50 s |
| Starting time       | < 0.5 s  |

# Dimensions & Weight

| Overall length   | 143.00 mm |
|------------------|-----------|
| Diameter         | 64.00 mm  |
| Maximum diameter | 64 mm     |
| Product weight   | 46.00 g   |

# Temperatures & operating conditions

| Ambient temperature range            | -20+40 °C |
|--------------------------------------|-----------|
| Maximum temperature at tc test point | 65 °C     |

## Lifespan

| Lifespan L70/B50 at 25 °C                    | 15000 h |
|----------------------------------------------|---------|
| Number of switching cycles                   | 100000  |
| Lumen maintenance at end of service lifetime | 0.93    |

## Additional product data

| Base (standard designation) | E27                                                                                                                                                                                                                                                                                                                                          |  |

| Design / version            | Clear                                                                                                                                                                                                                                                                                                                                        |  |
| Product remark              | All technical parameters apply to the entire lamp / Due to the complex production process for light-emitting diodes, the typical values shown for the technical LED parameters are purely statistical values that do not necessarily match the actual technical parameters of each individual product, which can vary from the typical value |  |

# Safety advice

- Do not touch the lamp if broken.
- Must not be used if outer bulb is defective.
