

Declaration of conformity to EC regulations for CE-marking: 2006/95/EEC low voltage directive 2004/108/EEC EMC directive

2000/55/EC energy efficiency directive

 We declare that the below mentioned products are tested and comply with the requirements for CE marking: In detail, these products were tested according to the following standards: EN 61347-2-3 General and safety requirements for A.Csupplied electronic ballasts for fluorescent lamps. EN 60929 Performance requirements for A.Csupplied electronic ballasts for tubular fluorescent lamps. EN 55015 Limits and methods of measurement of radio disturbance characteristics of electrical lighting and similar equipment. EN 61000-3-2 Electromagnetic compatibility: Limits for harmonic current emissions. EN 61000-3-3 Electromagnetic compatibility: Limitation of voltage fluctuations and flicker in low voltage supply systems. EN 61547 EMC immunity requirements for equipment for general lighting purposes. EN 50294 Measurement method of total input power of ballast-lamp circuits.)-03
